

DUE TO COVID-19 RESTRICTIONS VISITING HOURS ARE BETWEEN 1PM-3PM.

- A single household can now visit a resident. To maintain appropriate social distancing, a maximum of three (3) people can visit at one time. Once those three (3) people have left the facility a further three (3) people from the same household can visit.
- Visits are only permitted in resident rooms and outdoor areas; no visits can occur in communal areas.
- Under 16-year olds are now permitted to visit the facility.
- A visitor that is under 16 must comply with infection prevention measures including, wearing a mask, hand washing, and being symptom free.

On arrival, visitors are required to declare in writing that they are:

- Free of COVID-19 related symptoms;
- Have not been in contact with a confirmed COVID-19 case; AND
- Have not been directed to self-isolate or self-quarantine by an Authorised Officer.

This is in addition to the existing requirement for all staff and visitors to be screened on entry, including a temperature test below 37.5 degrees.

Thank you for your co-operation.
